

This Life

Words and music by Sharon Evans © 2018, 2019

On this life's journey I want to go places
To discover adventure and reach all my dreams
On this life's journey I choose to work harder
And make my life better
There's no one like me.

DREAM

**I am sailing high, flying high, reach for the sky
I will lift my hands
Grasp all I can as I give it away**

On this life's journey I'm looking for answers
And inspiration to grow all my dreams
On this life's journey I'm standing beside you, together we're stronger
Together let's be

**We are sailing high, flying high reach for the sky
We will lift our hands
Grasp all we can as we give it away**

Bridge: Won't ever give up
Won't ever stop
Reaching and reaching higher and higher

**I am sailing high, flying high, reach for the sky
I will lift my hands
Grasp all I can as I give it away
As I give it away
As I give it away**
